

2017 SASK FIRST WATER SKI TEAM APPLICATION

Completed by: WSWS Wakeboard VP and Sask First Water Ski

Call for Applications

Selection to the Team is based upon your performance at tournaments in 2016 with particular weighting for those that have attended the:

- Saskatchewan Provincial Waterski Competition,
- Western Canadian Waterski Championship
- Canadian National waterski Championship
- Alternate Canadian or International Record Capable tournaments

Waterski Wakeboard Saskatchewan provides funding designated for training, reimburses some of the costs for out of province competitions, and provides athlete assistance.

In past years, we have had several skiers that have met our technical criteria for sponsorship but who elect not to compete at that same level in the current year. You are in consideration for a place on the WSWS Sask First Waterski Team, however we would appreciate a short resume to confirm your interest and participation in competitive waterskiing this 2017 season (training and competing within Canada). Sask Sport bases much of our funding on the performance of our athletes, therefore competition give us the only metric to demonstrate whether our programming is effective in developing skiers representing the Province at regional, National or International events.

WSWS team selection committee reserve the right to review the applicant responses and will give due consideration to an application with special circumstances that may be outside the criteria (eg: serious injury / resulting lack of RC tournament score, etc.)

Thank you for commitment to Waterski excellence in Saskatchewan. We will evaluate your application in view of your 2016 scores and plans for 2017 and announce our selection for 2017 in early April.

Sask First Team

All Sask First Team Members will have full access to the following:

- Team training camps (Coach will determine dates and locations of camps by May 1)
